## **A BRAVE NEW YEAR**

I sincerely hope that you had a wonderful Christmas and that as the page is closed on 2025 its many cherished memories will remain. As always, we hope that the year to come will be an even better one. Of course, we may have certain hopes and dreams for 2026, but none of us can know for sure how it will unfold or what it contains for us. Nevertheless, we will celebrate it as a gift from the Lord. Every day He gives us is a precious gift we must never take for granted, but live to the full and with careful examination.

In reflecting on the past year and projecting out, I'm reminded of a number of issues that are on people's minds that make them wonder and rightfully give them cause for great concern. For some, these concerns haven't even registered on their radar yet, but ought to be taken seriously. Whether they realize it or not, their lives are already being influenced by them and will only continue to be even more so.

One of these has to do with **AI** or *Artificial Intelligence*. Over 2025, I've had a number of conversations with some of our young people and college aged students and folks just beginning their careers, and many express their reservations about AI and how it is likely to make the job market shrink or make their skills obsolete. I'm concerned about this too. Isn't it interesting how human advancement, particularly in technology, is like a double-edged sword; it can be used for incredible good while at the same time produce terrible (even evil), unforeseen consequences. I'm reminded of the warnings broadcasted years ago by Aldous Huxley in his novel, ***A Brave New World***. Although a secularist, his predictions seem to be coming true.

AI has a close cousin that not only is shaping our work – it's shaping us or aiming to change us as human beings. It is called ***Transhumanism***. Now, AI and Transhumanism sound like two heady and esoteric topics that don't affect the average person. This could not be further from the truth however! It's affecting us even now in detrimental ways, even though we might be unaware. And the intensions of some proponents of AI and Transhumanism are anything but benevolent.

As believers, in particular, we need to spend some time understanding these two life-impacting phenomena that are now spreading with rapid and far-reaching influence. Does The Bible have anything to say about these? How ought Christians approach or make use of these? Should we even have anything to do with them? I believe it is worth our exploration. And – yes, The Bible does have insights into these important current issues. So, I invite you to begin 2026 by joining us for Sunday morning worship as we spend a couple of weeks understanding how these trends may impact us and how we as followers of Jesus may respond in a clear-headed and gracious way.

Happy New Year,

***Pastor Paul***

## Prayer Chain

Are you looking for a way to serve Bellpoint Community Church and our community? Prayer is a powerful way to make an important difference in someone's life. The Prayer Chain is always looking for new members for this vital ministry, so please call the church office if you are interested.

If you hear of a concern or praise there are multiple ways to share the information with our Prayer Chain:

- ♦ Complete a paper prayer request located on the back of each chair and drop in an offering plate or one of the clear boxes in the entrances to the fellowship hall and sanctuary.
- ♦ Contact Brooke Williams, the church office manager, by phone at 740-369-5956 or by email at [office@bellpointchurch.com](mailto:office@bellpointchurch.com).
- ♦ Post to the online prayer wall at [bellpointchurch.com/prayer-wall](http://bellpointchurch.com/prayer-wall).

## Caroling

Eight members of our congregation went caroling throughout the Bellpoint community on December 17th. We spread the Good News through song and invited the recipients to our Christmas Eve services.

## Thank You

On behalf of the Wreaths Across America organization and our family of volunteers and supporters, THANK YOU! Thank you for supporting our mission to Remember the fallen, Honor those who serve, and Teach the next generation the value of freedom.

This year's Wreaths Across America program reached an extraordinary milestone. Together, we served 5,598 participating locations, sponsored more than **3.1 million veterans' wreaths**, and mobilized millions of volunteers, nearly a third of them children, across all 50 states and abroad...
